April 24, 2023, 6pm
CSUN University Student Union

You are invited to a screening of the film *Hearts of Glass*, which tells the story of Vertical Harvest (VH), a multi-story, state-of-the-art hydroponic greenhouse that grows crops while providing meaningful, competitively-paid jobs for people with disabilities. The film weaves the story of VH's launch with the personal journeys of employees with intellectual and developmental disabilities.

The screening will be followed by a panel discussion including the filmmaker, Jennifer Tennican, VH employees and local participants.

For more information, contact **Beth Lasky**, Director of CSUN Explorers, or **Rosalia Garcia-Torres**, CSUN Dept of Family and Consumer Sciences.

We value inclusion and access for all participants. ASL interpretation will be provided. Please indicate your accommodations requests by registering before April 17.
